About Sambalpur University

Sambalpur University is functioning successfully since 1967 as an independent affiliating University of Odisha covering 10 districts of western Odisha at the time of establishment. It is situated four kms away from famous Hirakud Dam in a beautiful natural surroundings of river, lakes and mountains. The University provides a quality education experience to students in a diverse learning environment. Sambalpur University is situated approximately fifteen kms from Sambalpur railway station, and fifteen kms from Ainthapali Bus Stand, Sambalpur. It is an hour drive from the nearest Jharsuguda Airport.

About the Department

School of Life Sciences, Sambalpur University is a premier Institute of Odisha which is known Nationally and Internationally for its study and research programme. Students passing from the School with their M. Sc., M. Phil or Ph. D. degree are now placed in different leading academic and research Institutes all over the world. The School imparts teaching and research programme in all the major branches of Life Sciences like Biochemistry, Physiology, Ecology, Microbiology and Molecular Biology. Besides the regular course of M. Sc., M. Phil and Ph. D. programme in Life Sciences, the School runs a regular P. G. programme leading to M. Sc. Microbiology degree. The aim of the Department is to conduct research and development on a broad interdisciplinary perspective, and it has to its credit an excellent track record in terms of student academic performance and research output over the years.

Who-Can-Attend

Enthusiastic Students, Researchers, Academicians, Participants from Industry and R&D Organizations.

About the Workshop

This workshop envisages empowering young talent from all streams by providing them with opportunities at different levels. It aims to educate about the modern tools and techniques employed in Life Science research, Innovation and Environmental sustainability. The speakers from academic institutions and the Industry are authorities in the subject. The knowledge imparted will help in the teaching of the subject matter to the participants, and in research activities. The program will also connect the participants with the experts for guidance in their future.
